Lily Gold Chandelier
Blown glass, 2005

The Lily Gold Chandelier was purchased and permanently installed in FWMoA’s atrium in 2016.

The chandelier is made from 128 pieces of hand-blown glass with gold leaf. Altogether, it weighs about 1000 pounds.

Artwork by Dale Chihuly can be found in the collections of more than 200 museums around the world.

A shoulder injury prevents Chihuly from working with glass himself, so he directs a large team of skilled glass blowers (or gaffers).
